EPIC offers a mechanical rebuild of the customer's hysteresis tension device replacing only the necessary worn items to return the unit to like-new functionality. The rebuilt units are calibrated to the same tension setup as a new original device.

**Please contact EPIC if you are interested in
purchasing new hysteresis devices.**

Epic products are intended as replacements for worn or damaged parts in OEM products. OEM Part numbers in (parenthesis) indicate either 1) improved design 2) the part serves the same function as the OEM part, but may differ from the OEM design, 3) it is a component of an assembly where no OEM reference number is available, or 4) it is a repair service for the referenced part.

Parts with EE designations are manufactured by Epic and are not authorized by the original equipment manufacturers., ©Epic Enterprises, Inc., June 2018

EE is an Epic trademark designating Epic parts
